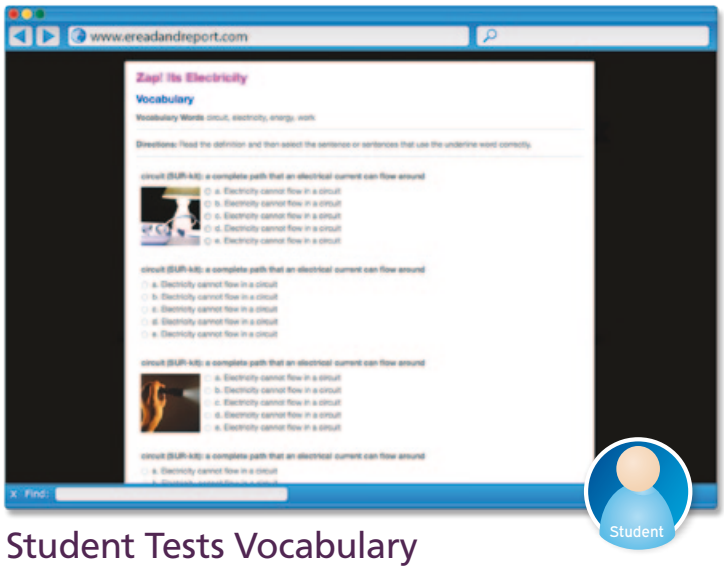
Detailed Assessments

After reading a Rourke e-Book, the student clicks the "Test Me" button. Instantly the student is directed to a set of vocabulary and comprehension questions in multiple choice form. The student's responses are recorded, scored, and immediately available to the teacher for review.

Vocabulary

Students read the definition of a word and then select the correct usage sentence or sentences.

- Books for **GRL Levels A–M** (BR–550) 5 words with photo support.
- Books for **GRL Levels N–W** (600–1200) 10 words without photo support.
- Tier II and Tier III vocabulary words.
- All vocabulary definitions have five possible answers for the student to choose from.
- In addition to a total score for vocabulary, students and teachers see the specific words the student got incorrect. Each word is coded as a Tier II or Tier III word and a score for Tier II and Tier III words is given.



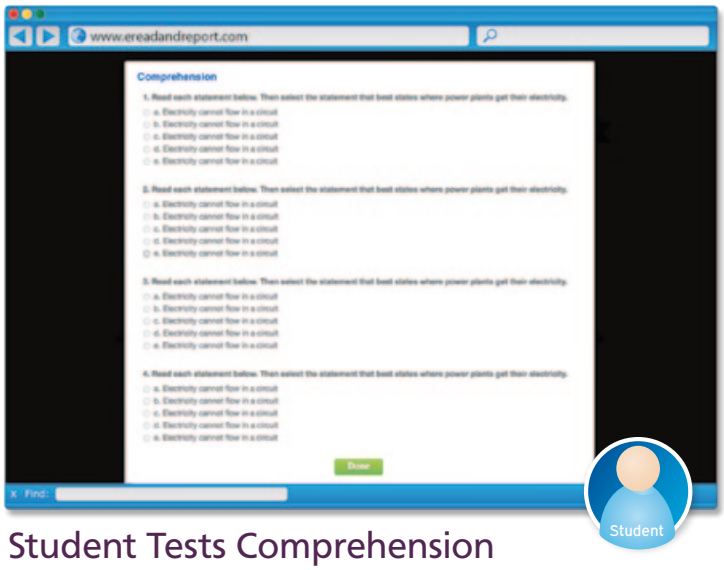
Student Tests Vocabulary

• *Tier II and Tier III Words – Some with Visual Aid*

Comprehension

Students read carefully selected questions, then using multiple choice, select the correct answer or answers.

- Books for **GRL Levels A–M** (BR–550) 5 comprehension questions with photo support.
- Books for **GRL Levels N–W** (600–1200) 5 comprehension questions without photo support.
- All questions focus on the informational text reading strategies for comprehension listed below:
  1. Using and interpreting text features (graphs, charts, maps)
  2. Determining importance or central idea and identifying key details
  3. Synthesizing or Summarizing complex concepts or processes
  4. Visualizing
  5. Making inferences
  6. Making connections
  7. Asking questions
- Comprehension questions have 5 possible answers for the student to choose from.
- In addition to a total score for comprehension, the student/teacher is able to see the specific questions the student got correct and incorrect. Question are coded and scored by one of seven comprehension strategies, to truly see what the student understands.



Student Tests Comprehension

• *Each Test includes a Selection of Seven Different Comprehension Strategies*
